Supervisor Scozzafava called the Public Hearing to order at 9:45am by saluting the flag.

He then read the legal notice calling for the Public Hearing. He then stated that we did not receive any written comments from the public. He said the purpose of this meeting was for public comment and due to COVID the public is not allowed to attend. The meeting is live on the Town Facebook page; comments can be taken that way. The project includes a ramp, foyer enclosure and a handicap bathroom on the back of the Town Hall. Fred Keil, Architect has sent the plans to the State Historic Preservation Office and they have approved the improvements. Hopefully the project will start in early Spring. The Supervisor asked Bill Trybendis if there were any public comments and Bill said no. The Supervisor then asked the Board if they had any comments and Councilman Anderson stated this was already discussed at a previous board meeting and the Supervisor said yes.

The Hearing closed at 9:49am.
