NOTICE TO APPLICANTS FOR BUILDING PERMITS IN THE TOWN OF MORIAH

Following the guidelines of the NYS Building Code and the Town of Moriah, our Building Department has spent much time in developing a procedure for the issuance of Building Permits.

To avoid delay, it is imperative that all application forms be filled out completely and proper building plans submitted. The plans must contain sufficient information and review.

Primarily, it is important that the plans reflect not only the actual structure to be built, but also the geographical location with such adjustments as necessary to allow for topography and soil conditions. The information on the Building Permit Application MUST match the drawings submitted.

In addition to standard elevations, typical sections, floor plans and foundation plans, the following must be included in all construction plans:

- | | |
|---------------------------|---|
| A 1. Foundations | Footing/wall detail, damp proofing reinforcement & foundation drains in critical soils. |
| 2. Roof/Floor framing | Floor and roof framing plans and details. |
| 3. Girders, Lintels, etc. | Details for main beams, garage door headers, stairs and stairway opening and headers. |
| 4. Insulation | Location and resistance @ values, foundations above and below grade, floors over unheated spaces, walls, roofs, vapor barriers etc., hot water piping, and heat ducts in unheated spaces. |
| 5. Window & Door | To show actual openable area square footage and U values. |
| 6. Ventilation | Details for attics, crawl spaces, including method of venting, if applicable. This may be shown on typical section. |
| 7. Fireplace | Firebox opening and depth, hearth size, footing and fresh air supply. |
| 8. Chimneys | Height & clearance from combustibles. |
| 9. Commercial Buildings | Accurate door sizes, corridor, corridor widths, handicap access and fixtures, location of Exits and emergency lights, fire extinguishers, sprinkler installation, and fire alarm systems. |

B. Whenever possible, drawings are to be 1/4" - 1/2" scale on minimum size 18" x 24" paper.

ANY CHANGES PRIOR TO, OR DURING CONSTRUCTION WILL REQUIRE
SUBMITTAL OF AMENDED PLANS.

LAWS OF NEW YORK, 1998
CHAPTER 439

The general municipal law is amended by adding a new section 125 to read as follows:

125. ISSUANCE OF BUILDING PERMITS. NO CITY, TOWN OR VILLAGE SHALL ISSUE A BUILDING PERMIT WITHOUT OBTAINING FROM THE PERMIT APPLICANT EITHER:

1. PROOF DULY SUBSCRIBED THAT WORKERS' COMPENSATION INSURANCE AND DISABILITY BENEFITS COVERAGE ISSUED BY AN INSURANCE CARRIER IN A FORM SATISFACTORY TO THE CHAIR OF THE WORKERS' COMPENSATION BOARD AS PROVIDED FOR IN SECTION FIFTY-SEVEN OF THE WORKERS' COMPENSATION LAW IS EFFECTIVE; OR

2. AN AFFIDAVIT THAT SUCH PERMIT APPLICANT HAS NOT ENGAGED AN EMPLOYER OR ANY EMPLOYEES AS THOSE TERMS ARE DEFINED IN SECTION TWO OF THE WORKERS' COMPENSATION LAW TO PERFORM WORK RELATING TO SUCH BUILDING PERMIT.

Implementing Section 125 of the General Municipal Law

1. General Contractors – Business Owners and Certain Homeowners

For businesses and certain homeowners listed as the general contractors on building permits, proof that they are in compliance with Section 57 of the Workers' Compensation Law (WCL) is **ONE** of the following forms that indicate that they are:

- ♦ insured (C-105.2 or U-26.3),
- ♦ self-insured (SI-12), or
- ♦ are exempt (CE-200),

under the mandatory coverage provisions of the WCL. Any residence that is not a **1, 2, 3 or 4 Family, Owner-occupied Residence** is considered a business (income or potential income property) and must prove compliance by filing one of the above forms.

2. Owner-occupied Residences

For homeowners of a **1, 2, 3 or 4 Family, Owner-occupied Residence**, proof of their exemption from the mandatory coverage provisions of the Workers' Compensation Law when applying for a building permit is to file form BP-1.

- ♦ Form BP-1 shall be filed if the homeowner of a **1, 2, 3 or 4 Family, Owner-occupied Residence** is listed as the general contractor on the building permit, and the homeowner:
 - ◊ is performing all the work for which the building permit was issued him/herself,
 - ◊ is not hiring, paying or compensating in any way, the individual(s) that is(are) performing all the work for which the building permit was issued or helping the homeowner perform such work, or
 - ◊ has a homeowner's insurance policy that is currently in effect and covers the property for which the building permit was issued AND the homeowner is hiring or paying individuals a total of less than 40 hours per week (aggregate hours for all paid individuals on the jobsite) for the work for which the building permit was issued.
- ♦ If the homeowner of a **1, 2, 3 or 4 Family, Owner-occupied Residence** is hiring or paying individuals a total of **40 hours or MORE** in any week (aggregate hours for all paid individuals on the jobsite) for the work for which the building permit was issued, then the homeowner may not file the "Affidavit of Exemption" form, BP-1(11/04), but shall either:
 - ◊ acquire appropriate workers' compensation coverage and provide appropriate proof of that coverage on forms approved by the Chair of the NYS Workers' Compensation Board to the government entity issuing the building permit (the C-105.2 or U-26.3 form), OR
 - ◊ have the general contractor, (performing the work on the 1, 2, 3 or 4 family, **owner-occupied** residence (including condominiums) listed on the building permit) provide appropriate proof of workers' compensation coverage, or proof of exemption from that coverage on forms approved by the Chair of the NYS Workers' Compensation Board to the government entity issuing the building permit.
